
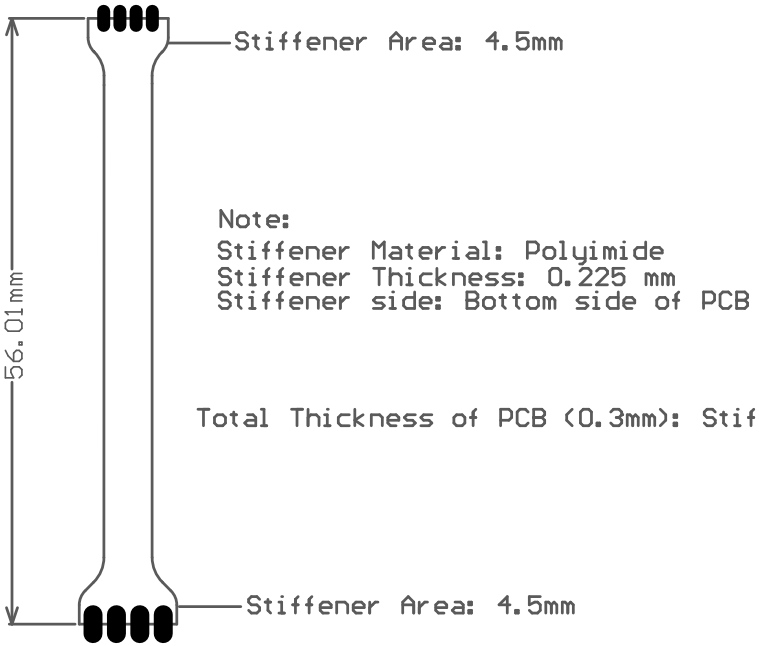
Note:
Stiffener Material: Polyimide
Stiffener Thickness: 0.225 mm
Stiffener side: Bottom side of PCB

Layer	Name	Material	Thickness	Constant	Board Layer Stack
	Top Overlay				
	Top Solder	Solder Resist	0.50mil	3.5	
1	Top Layer		1.38mil		
	Dielectric 1	Polyimide	1.00mil	3.5	
2	Bottom Layer		1.38mil		
	Bottom Solder	Solder Resist	0.50mil	3.5	
	Bottom Overlay				
Total board thickness:			4.76mil		

Total Thickness of PCB (0.3mm): Stiffener thickness + Layer Stackup thickness.



Note:
Stiffener Material: Polyimide
Stiffener Thickness: 0.225 mm
Stiffener side: Bottom side of PCB
